Allowable Subject Matter

Claims 1-16, 18-34 are allowed.

The following is an examiner's statement of reasons for allowance: After further consideration of the after final amendment, filed on 04/06/04, the examiner concludes that, although the various structural features of the claimed invention are all taught in the prior art, there is no suggestion found in the prior art for the combination as claimed, in particular the combination of the inner and outer tube associated with a "cold pin" as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Thor S. Campbell whose telephone number is 571-272-4776. The examiner can normally be reached on Mon-Fri 5:30AM-2:00PM.
